

HOW TO BREAK THE GLASS CEILING IN STEM

Date: 23rd November 2018 7pm

Venue: M5 Brisbane Convention & Exhibition Centre

Host: Korean women scientists and engineers in Asia Pacific (Kowseap.com)
Korea Federation of Women's Science & Technology Association (Kofwst.org)

Chaired by : 박미라 (Kowseap President)

This is the opportunity to meet multiple successful women within STEM fields and learn from them and their personal experience. One of the best parts of the forum is to have a chance to network with women scientists and engineers within STEM fields.
